## PROJECT UPDATE **A New Address for Health and Wellness**

Health and wellness will soon have an address at the southeast corner of Centre Avenue and Portage Road in Portage. Exciting progress continues on the future site of a convenient, patient-friendly medical practice—Bronson Primary Care Partners.

Located at 2700 East Centre Avenue in TreyStar's CentrePort Commons development, the 12,000-square-foot medical practice will feature 20 exam rooms and a designated lactation room for breastfeeding mothers, and staff 16 providers in family medicine and pediatrics. The facility's opening is slated for summer 2020. In addition to TreyStar, development partners on the project include CSM Group (construction management), Diekema Hamann (architectural design) and AR Engineering (engineering design).

## PARTNERING WITH CLIENTS

### CSM Group: Built on Higher Standards

“If you build it, they will come.” For CSM Group, you can take this beloved movie line literally and figuratively. Along with having a 36-year track record of proven success in construction management, CSM Group also prides itself on building solid relationships.

“We believe our people are our biggest asset,” said Jim Felch, president and chief executive officer, CSM Group. “A principle example of this philosophy is our ability to develop lasting relationships with our clients; over 85 percent of our work is repeat business. Sustaining these relationships is only possible because of our energetic, fully engaged and dedicated workforce.”

To extend your phone’s battery life, reduce screen brightness and screen sleep time (auto-lock). Utilize a cloud storage app, such a Google

making sure these different Treystar companies are operating efficiently and effectively.

Between handling HR duties, operations, budget planning, collaborating with management teams and the seemingly under-the-radar tasks that spring up every day, Rachel, who joined the Treystar team in 2017, somehow still finds the time to participate in employee engagement activities.

“Everyone on the Treystar team is treated like family. It’s a great place to learn from the expertise of others and develop as a leader and professional,” she said.

When she isn’t multitasking like a pro, Rachel enjoys spending time with her Beagle Bulldog mix, Lexi, running, being an aunt and traveling. What would you expect from someone who has a knack for managing as many activities as she does on the job?

families actively living with amyotrophic lateral sclerosis (ALS). Dollars raised fund much-needed respite care, transportation, medical equipment, meals, caregiver training and support groups.

In the U.S., every 90 minutes someone is not only diagnosed with ALS, but someone else also dies from it. A neurodegenerative disease that affects nerve cells in the brain and spinal cord, ALS causes muscle weakness, difficulty speaking and swallowing, and usually leads to total paralysis.

The mission of the Susan Mast ALS Foundation is to provide excellent support to ALS patients, families and caregivers living in West Michigan. Our services focus on all areas of need for the regional ALS community, with special emphasis on respite care.

Photos, G Cloud Backup or iCloud, to routinely back up your photos. (Keep in mind, if your phone is MIA, damaged or stolen, anything stored on the device would also be permanently lost.) Should your phone get wet, immediately power it off. Because water conducts electricity, it can travel to unwanted areas of your device’s internal components and cause permanent damage.

Be sure to remember or record your Apple ID or Google Account email and password. Without this security information, you won’t be able to unlock your device if it’s factory reset (either on accident or purposefully).
